HEEEEEEEEEEEE!!!!!!

Sex according to Pastor Khathide (Ugandan)

A lot of people don't associate sex with God - they associate it with Satan and darkness, as if sex weren't holy.

The bible is explicit when it comes to sex. Sex is holy within marriage, and there is no prescribed style. Nowhere in the Bible does it say that the missionary position is the only sexual style. Not discussing sex in a relationship leads to divorce!!!!!.

Pastor Khathide has counselled women who've complained: my husband treats me as if I were his brother. There was one who told him: I am tired of getting sex fortnightly, like a salary. Khathide told her she was lucky to be getting sex fortnightly, since some wives only get it on big days, like elections.
Many husbands leave their wives to seek sexual pleasures in Hillbrow. Have you ever asked yourself what those wives have that you don't.

Wives have become very frigid and even sleep with their panties. If you're a married woman, you

should sleep naked and let your bum touch your husband.
Today you find men going out of their way to get a glimpse of a vagina. They page through magazines and even go to lingerie departments in stores hoping to see what's hidden under panties, because their wives hide it from them.

Marriage is about being free with your body in front of your partner. A woman should parade naked and do some modeling to tempt her husband. There are many married women who don't know what their husbands' penises look like. They only feel it when he enters
her. They've switched off the lights before undressing. A penis is a wife's toy - she is supposed to play with it.

He blames couples for not making time for sex and complaining about being tired after a day's work. You find many couples who've been sexually starved for years.

God created sex for procreation and also for pleasure. You can't marry and not have a good time in bed. WHO SAID YOU CAN ONLY HAVE SEX AT NIGHT? Why can't you drive home during

lunch and have a quickie with your wife? We're all equal in sex - it's not just about a woman satisfying a man.

You have to satisfy each other. Have you ever seen a woman who has been satisfied? Have u noticed how she glows and becomes energetic?
May the Lord Bless you. This is the "Whole Truth, Nothing But the Truth" So God Help Us From The Beginning.

Once you read this letter you have to keep it going.

This game has been played since 1996. You must send this letter to 7 people. On the 5th day someone will ask you out or say "I love you." This is not a joke. It has worked for many years. If you break the chain, you will have bad luck with guys/girls forever.

This is just for future readers. This began in 1996,not much of a past, but it works. So here are the rules:

If you read this on a Sunday,wish for a good week
If you read this on a Monday, wish for money

If you read this on a Tuesday, wish for love

If you read this on a Wednesday, wish for success
If you read this on a Thursday, wish for anything you want If you read this on a Friday, wish for a really hot date
If you read this on a Saturday, wish for an important phone call

Send this to seven people (after you make a wish). Make sure it is sent as soon as you read it or your wish won't come true. And check!
