Earth Sciences at Dalhousie University

CURRENT GRADUATE STUDENT OPPORTUNITIES

Although other opportunities exist in other fields and supervisors, these graduate programmes are currently seeking students who will begin in 2008 or 2009.

Check our webpage for updates http://earthsciences.dal.ca/index2.html

Field: Geochemistry and igneous petrology
Support: NSERC and Industry
Seeking: Ph.D. and M.Sc. students
Supervisor: Dr. Jarda Dostal, j.dostal@ns.sympatico.ca

Field: Invertebrate paleontology and chemostratigraphy
Support: NSERC
Seeking: Ph.D. and M.Sc. students
Supervisor: Dr. Mike Melchin, mmelchin@stfx.ca

Field: Quaternary and marine sedimentology
Support: NSERC
Seeking: M.Sc. students
Supervisor: Dr. David Piper, dpiper@nrcan.gc.ca

Field: Experimental Mineralogy, Petrology, and High Temperature Geochemistry
Support: NSERC
Seeking: Ph.D. or M.Sc. students
Supervisor: Dr. Yana Fedortchouk , yana@dal.ca

Field: Climate change, paleoclimatology, GCM, permafrost stability, borehole climatology, dynamic downscaling, future climate scenarios
Support: Atlantic Innovation Fund and NSERC
Seeking: Ph.D. and M.Sc.
Supervisor: Dr. Hugo Beltrami, hbeltram@stfx.ca
